

John Lelliott

Finance Director, The Crown Estate

Understanding and Managing Risks

- Leadership
- Understand dependence on natural capital and risks and opportunities
- Include in business strategy – material issues – business planning process
- What you can't measure you can't manage – Total Contribution
- Partner - Don't go alone

Natural Capital Initiatives

A long-exposure photograph of a city street at night. The street is curved, and the buildings on either side are illuminated with warm lights. Light trails from cars are visible, creating streaks of red and white. The sky is a deep blue, and the overall scene is vibrant and dynamic.

- A4S projects
- Value of eco system services
- Development
